If so, there's work to be done...

I went from a state of pure self-doubt. I suffered social anxiety for years. But then I mastered the Art of Confidence. Suddenly, my life changed. It was like a switch flipped in my head.

Women started responding to me more positively. Male peers started to respect me. And best of all, I felt enlivened with a sense of purpose and a steady state of Core Confidence!

Very few men consciously think about their confidence levels or educate themselves on dominant, powerful, masculine personality traits. Most guys stagnate and accept that they are destined to be losers. Just knowing puts you at an advantage to be Alpha.
