What would you do if you were so shy that you had trouble meeting people—especially potential suitors?

Rose Thompson is the third of four sisters, the only one not married, and beginning to worry that she will wind up a spinster. Her sisters have already answered mail order bride ads and gone west, and her parents make the decision to follow them and start a new life. Life in New York has become crowded, and they seek the peace and tranquility of a life with fewer neighbors. Before they move, Rose is presented with her own choice: an ad from a doctor in the same area as her sisters and parents will live, a man who is looking for a bride.

Although she desires to be married and have a family of her own, her incredibly shy personality has made it ***difficult for her to find a husband***. She is beautiful and elegant, but timid, leading potential suitors to believe that she is ***aloof or uninterested***. When the chance arises to marry the kind stranger, she invests much prayer into it before finally agreeing, but worries about the type of man who would seek out a wife through a mail order ad.

“I don’t know him, though. I hope he is a good man.”

“Well, what kind of mean man would make a good doctor? If he was a bad man, no one would go to him, would they?”

Max Weatherpool is a successful doctor ***lacking only one thing***—the wife that he’s always dreamed of having by his side. However, she must be more than the average housewife; she must be ready to become his assistant. He longs for a woman to take on his frequent trips, someone he can talk to and enjoy life with during the emergencies he so frequently sees.

To find a wife, he decides to go the route he’s watched some friends use with success and places an ad for a mail order bride back East. He is surprised to hear from a young woman named Rose, who seems shy and introverted, quite the opposite of the handsome doctor. He wonders whether they will get along as opposites, but when faced with a family emergency, he gets the opportunity to find out what the beautiful Rose can handle.

Will shyness keep Rose from marrying the handsome doctor?

Can Max lure Rose out of her shell in order to become his wife and companion?
