Supply Chain Management Workbook Francis Harrison
'Supply Chain Management Workbook' provides an overview of the supply chain process and addresses the key aspects involved in a supply chain.

A checklist is included to enable an assessment of a company's procedures and the facilities it offers. By working through this list of questions the weaknesses in the management of the supply chain can be identified and subsequently addressed.

The combination of theoretical underpinning along with a means of self evaluation results in a practical guide which will be invaluable for companies wishing to improve their supply chain management.
