New Testament Introduction (Master Reference Collection) Donald Guthrie
Twenty years after its first release in one volume, Donald Guthrie has revised his widely acclaimed *New Testament Introduction.* A careful recasting of a benchmark evangelical work, this new edition provides a fixed point for surveying the books of the New Testament. Noting the issues raised by the past two decades of biblical scholarship, Guthrie engages the issues of authorship and authenticity, purpose and structure, historical context and cultural setting. In these discussions, as well as in the notes and bibliographies, he draws on a wealth of recent scholarly research which gives added value to this classic resource.
