How to attract the RIGHT men: 12 tips from a man Jonathon Stevens
You want to find the right man. Hopefully you don’t want to just settle for finding any man, but if that is the case, the tips that are provided in this book will still prove ultra-effective simply because they work…and they work very well for that matter. Whether you want to attract the right guy or just more guys in general, this is the most effective guide around in order to accomplish that.

I believe that an experienced and observant man is the only one who is truly qualified to educate a women on this subject. Similar to a “how to” book geared towards finding the “right woman”, would probably be best explained from a woman’s perspective. Only a man can really explain what he looks for in a woman, and detail the turn offs and turn ons. So when you take that one guy’s likes, dislikes and experiences and begin cross examining it with hundreds of other guys, certain patterns begin to emerge. That “pattern” very noticeably contained 12 similarities that men seemed to overwhelmingly agree upon. The 12 tips that are provided in this book are the expression of that similar pattern that seems to span the minds of most men.

If you are tired of dealing with the same men and situations over and over...then what do you really have to lose? This is an a slightly outside the box kind of guide, but it makes sense and has been successful for thousands of women... if you want it then invest in yourself and read it... it may just change your life.
