On Growth and Form (Canto) D'Arcy Thompson
Why do living things and physical phenomena take the form they do? D'Arcy Thompson's classic On Growth and Form looks at the way things grow and the shapes they take. Analysing biological processes in their mathematical and physical aspects, this historic work, first published in 1917, has also become renowned for the sheer poetry of its descriptions. A great scientist sensitive to the fascinations and beauty of the natural world tells of jumping fleas and slipper limpets; of buds and seeds; of bees' cells and rain drops; of the potter's thumb and the spider's web; of a film of soap and a bubble of oil; of a splash of a pebble in a pond. D'Arcy Thompson's writing, hailed as 'good literature as well as good science; a discourse on science as though it were a humanity', is now made available for a wider readership, with a foreword by one of today's great populisers of science, explaining the importance of the work for a new generation of readers.

From reader reviews:

Andrew Fox:

The book On Growth and Form (Canto) can give more knowledge and also the precise product information about everything you want. So why must we leave the great thing like a book On Growth and Form (Canto)? Wide variety you have a different opinion about publication. But one aim which book can give many info for us. It is absolutely right. Right now, try to closer together with your book. Knowledge or facts that you take for that, you could give for each other; you can share all of these. Book On Growth and Form (Canto) has simple shape nevertheless, you know: it has great and massive function for you. You can appear the enormous world by open and read a book. So it is very wonderful.

Bethany Hall:

What do you about book? It is not important to you? Or just adding material when you require something to explain what you problem? How about your spare time? Or are you busy individual? If you don't have spare time to do others business, it is make you feel bored faster. And you have free time? What did you do? Everyone has many questions above. They must answer that question since just their can do that. It said that about reserve. Book is familiar in each person. Yes, it is proper. Because start from on pre-school until university need this kind of On Growth and Form (Canto) to read.

Fred Swett:

Precisely why? Because this On Growth and Form (Canto) is an unordinary book that the inside of the publication waiting for you to snap the item but latter it will distress you with the secret it inside. Reading this book adjacent to it was fantastic author who all write the book in such amazing way makes the content within easier to understand, entertaining technique but still convey the meaning thoroughly. So , it is good for you for not hesitating having this nowadays or you going to regret it. This phenomenal book will give you a lot of rewards than the other book get such as help improving your expertise and your critical thinking technique. So , still want to hesitate having that book? If I ended up you I will go to the e-book store hurriedly.

Samuel Brown:

Playing with family within a park, coming to see the water world or hanging out with pals is thing that usually you could have done when you have spare time, subsequently why you don't try point that really opposite from that. One activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you have been ride on and with addition of information. Even you love On Growth and Form (Canto), it is possible to enjoy both. It is very good combination right, you still need to miss it? What kind of hangout type is it? Oh occur its mind hangout men. What? Still don't have it, oh come on its identified as reading friends.
