Pediatría para estudiantes de medicina (Spanish Edition)

Daniel Bernstein, Steven P. Shelov MD

Pediatría para estudiantes de medicina (Spanish Edition) Daniel Bernstein, Steven P. Shelov MD

Esta obra es una práctica combinación de manual de pediatría y guía de repaso creada para los estudiantes de medicina en sus rotaciones de pediatría y para preparar el MIR. El texto se organiza en dos secciones: en la primera se describen la práctica pediátrica general y las visitas de prevención habituales, y la segunda parte se divide en sistemas, describiéndose el abordaje pediátrico necesario para establecer un diagnóstico diferencial. Los capítulos se organizan en torno a los aspectos esenciales de las rotaciones pediátricas, y en cada uno se abordan las pruebas de evaluación clínicas y de laboratorio, la fisiopatología, los diagnósticos diferenciales, el tratamiento del paciente, y ejemplos representativos de la pediatría para que los estudiantes puedan realizar conexiones clínicas inmediatas. La obra incluye contenido autorizado y recomendado por la prestigiosa American Academy of Pediatrics (AAP): mediante la revisión exhaustiva del texto, la AAP asegura la conformidad del texto con las últimas políticas y principios de tratamiento. El diseño del interior a todo color destaca mejor los elementos visuales para la enseñanza y el aprendizaje de la disciplina.

From reader reviews:

Wm Schroeder:

Nowadays reading books are more than want or need but also become a life style. This reading habit give you lot of advantages. Associate programs you got of course the knowledge the actual information inside the book that will improve your knowledge and information. The information you get based on what kind of book you read, if you want have more knowledge just go with education and learning books but if you want feel happy read one using theme for entertaining including comic or novel. The actual Pediatría para estudiantes de medicina (Spanish Edition) is kind of reserve which is giving the reader unforeseen experience.

Albert Matthews:

The publication untitled Pediatría para estudiantes de medicina (Spanish Edition) is the publication that recommended to you to see. You can see the quality of the publication content that will be shown to anyone. The language that writer use to explained their ideas are easily to understand. The copy writer was did a lot of investigation when write the book, therefore the information that they share for your requirements is absolutely accurate. You also might get the e-book of Pediatría para estudiantes de medicina (Spanish Edition) from the publisher to make you more enjoy free time.

Catherine Estey:

As a scholar exactly feel bored to help reading. If their teacher asked them to go to the library or even make summary for some book, they are complained. Just tiny students that has reading's soul or real their hobby. They just do what the teacher want, like asked to go to the library. They go to right now there but nothing reading critically. Any students feel that reading through is not important, boring and can't see colorful pics on there. Yeah, it is to get complicated. Book is very important in your case. As we know that on this time, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore , this Pediatría para estudiantes de medicina (Spanish Edition) can make you really feel more interested to read.

Ora Orozco:

E-book is one of source of knowledge. We can add our knowledge from it. Not only for students but native or citizen want book to know the update information of year for you to year. As we know those publications have many advantages. Beside most of us add our knowledge, also can bring us to around the world. With the book Pediatría para estudiantes de medicina (Spanish Edition) we can get more advantage. Don't one to be creative people? To be creative person must choose to read a book. Merely choose the best book that acceptable with your aim. Don't become doubt to change your life with this book Pediatría para estudiantes de medicina (Spanish Edition). You can more appealing than now.
