Money, and the Law of Attraction: Learning to Attract Wealth, Health, and Happiness Esther Hicks, Jerry Hicks
In *Money, and the Law of Attraction*, Esther and Jerry Hicks present the teachings of the Non-Physical consciousness Abraham. The concepts offered here relate to the topic of abundance and prosperity. They will show you that you truly need to think about what you want in your life and not what you don't want. If you put your attention on thoughts of not having enough money, you are in the perfect position for the creating of more of that which you do not have. For example, when you think about something that you desire but then think about it not yet coming...and then you think about how much fun it will be to have it, but then remember that it costs a great deal of money and you cannot yet afford it...that back-and-forth thinking dilutes your passion and slows the power of your thoughts. That is, the way you are feeling is a signal from your Inner Being telling you that what you're thinking is not in harmony with what you want.

As Abraham says: "There is enough for everyone. The key is for each of you is to see it and want it - and then you will attract it. Know that you have the power to bring into your life whatever you desire. Affirm that money flows to you easily and that you have an unlimited supply of abundance and prosperity".
