# Mountains and Rivers Without End

*Gary Snyder*

**Mountains and Rivers Without End** Gary Snyder
Begun in Berkeley on April 8, 1956, Gary Snyder's *Mountains and Rivers Without End* is an epic of geology, prehistory, and mythology. The poems travel beyond Western traditions to encompass Asian art and drama, Native American performance and storytelling, and the practice of Zen Buddhism. It is a moving celebration of earth and sky, rock and water, nature and humanity from one of America's finest poets.

When the first edition of this landmark work was published in 1996, Gary Snyder was honored with the Bollingen Poetry Prize, the Robert Kirsch Lifetime Achievement Award from the *The Los Angeles Times*, the Orion Society's John Hay Award, and many other awards. In this new edition, including a three CD set of the poet reading, we celebrate again the brilliance of one of our most important poets.
