Storm Signals (Gazette Singles Book 7)

Jack Carroll

Storm Signals (Gazette Singles Book 7) Jack Carroll
Take a town full of West Virginia coal miners, 17th century nobility, one of the longest and bloodiest wars in history, d'Artagnan (without the three musketeers), Blaise Pascal, Rene Decartes, Galileo, Oliver Cromwell and Gustav II Adolph. Shake well and simmer for thirteen years.

Eric Flint's world of 1632 is an amazing and complex alternate history universe that split off from ours one spring day in 2000 and 1631.

The Grantville Singles provide readers with the opportunity to sample some of our favorite stories from the semi-monthly magazine devoted to the series, The Grantville Gazette. We hope you enjoy them.

In this story Jack Carroll reminds us that in the new Universe after the Ring of Fire, refugees seeking freedom will come to europe rather than fleeing it. Jack provides an action adventure story with refugees, sailing, storms, and heroic radio operators. 1632 is nothing if not unusual. Heroic radio operators.
