POWER COLOR IS AN ENTIRELY NEW COLOR PERSONALITY AND ENERGY CONCEPT. Presented in a fun, light-hearted 4 volume Kindle edition, the underlying concepts are profound. It is amazing, how, by asking non-color questions, you can define a individual Color Sign, personality, your best business associations, and the right employee for the job.

VOLUMES ONE AND TWO focus on relationships:
VOLUME ONE includes love, friendships, and your best choices for enduring romance.

VOLUME TWO gives insights into your business associations, offering the color test for hiring employees and showing you your best choices for partnerships and business alliances.

VOLUME THREE illustrates how you can balance and change your life by deliberately selecting colors to wear, meditate on, and surround yourself with.

VOLUME FOUR includes specific routines and visualizations to reverse aging, attract wealth, and lose weight. And while the underlying concepts in Power Color have been channeled from Farrse (Far’ say), volume four also includes suggested reading for those interested in further study in scientific color theory and color healing.

Power Color has been translated worldwide, including the German edition Farben-Craft und Kraft-Farben. which brought a team of filmmakers to Miami to include authors Busch and Davidson in a documentary on color where Davidson is filmed sketching a portrait of Busch in pastels. The documentary includes notables working in the area of color, among whom is John Ott.
