Beyond Telepathy

Andrija Puharich

Beyond Telepathy Andrija Puharich
Long unavailable in the U.S., this is one of the very best books available on the subject of psychical research - a subject that has a much wider audience today than when the book was first published in 1962.

Here Dr. Puharich presents a coherent theory relating phenomena such as ESP, astral projection, meditative states, and shamanism. This is a stimulating attempt to relate psychical research to the physiology of mankind.

In the first part of the book, Puharich brilliantly and lucidly presents the evidence for a nuclear psi entity or component, called "psi plasma," which, he maintains, can exist independently of the physical body. Conventional science has ignored this area of research because the phenomena is hard to reproduce in the lab, on demand.

The latter part of "Beyond Telepathy" analyzes the biological, physiological, and psychological conditions leading to the control of Psi Plasma, so that its activity can be demonstrated, to order, on demand.

This special revised edition includes a new introduction by Ira Einhorn, co-founder of Earth Day and an early web developer, who worked with Jacques Vallee, Jack Sarfatti, and other scientists in setting up the Internet in its early days.

Andrija Puharich is a neurologist. After completing his studies at the medical school of Northwestern University, he set up his own laboratory in Maine for the study of extrasensory perception. A stint with the U.S. Army at its chemical center aroused his interest in hallucination-producing mushrooms, leading to his first book, "The Sacred Mushroom."

From reader reviews:

Lea Severino:

Have you spare time to get a day? What do you do when you have considerably more or little spare time? Yeah, you can choose the suitable activity with regard to spend your time. Any person spent their spare time to take a wander, shopping, or went to often the Mall. How about open or perhaps read a book allowed Beyond Telepathy? Maybe it is for being best activity for you. You understand beside you can spend your time along with your favorite's book, you can wiser than before. Do you agree with it has the opinion or you have various other opinion?

Thomas Jones:

What do you ponder on book? It is just for students as they are still students or the idea for all people in the world, exactly what the best subject for that? Only you can be answered for that concern above. Every person has different personality and hobby for each other. Don't to be pushed someone or something that they don't would like do that. You must know how great and important the book Beyond Telepathy. All type of book is it possible to see on many sources. You can look for the internet solutions or other social media.

Eva Oleary:

Reading a guide tends to be new life style in this particular era globalization. With examining you can get a lot of information that could give you benefit in your life. Having book everyone in this world could share their idea. Publications can also inspire a lot of people. Many author can inspire their reader with their story as well as their experience. Not only the storyplot that share in the publications. But also they write about the ability about something that you need illustration. How to get the good score toefl, or how to teach your kids, there are many kinds of book which exist now. The authors on this planet always try to improve their proficiency in writing, they also doing some analysis before they write to the book. One of them is this Beyond Telepathy.

Dennis James:

A lot of guide has printed but it is unique. You can get it by internet on social media. You can choose the most beneficial book for you, science, comedy, novel, or whatever by simply searching from it. It is referred to as of book Beyond Telepathy. Contain your knowledge by it. Without leaving the printed book, it could add your knowledge and make an individual happier to read. It is most important that, you must aware about e-book. It can bring you from one spot to other place.
