Don Quixote de La Mancha

Cervantes

Don Quixote de La Mancha Cervantes
Don Quixote is a middle-aged gentleman from the region of La Mancha in central Spain. Obsessed with the chivalrous ideals touted in books he has read, he decides to take up his lance and sword to defend the helpless and destroy the wicked. After a first failed adventure, he sets out on a second one with a somewhat befuddled laborer named Sancho Panza, whom he has persuaded to accompany him as his faithful squire. In return for Sancho's services, Don Quixote promises to make Sancho the wealthy governor of an isle. On his horse, Rocinante, a barn nag well past his prime, Don Quixote rides the roads of Spain in search of glory and grand adventure. He gives up food, shelter, and comfort, all in the name of a peasant woman, Dulcinea del Toboso, whom he envisions as a princess. On his second expedition, Don Quixote becomes more of a bandit than a savior, stealing from and hurting baffled and justifiably angry citizens while acting out against what he perceives as threats to his knighthood or to the world. Don Quixote abandons a boy, leaving him in the hands of an evil farmer simply because the farmer swears an oath that he will not harm the boy. He steals a barber's basin that he believes to be the mythic Mambrino's helmet, and he becomes convinced of the healing powers of the Balsam of Fierbras, an elixir that makes him so ill that, by comparison, he later feels healed. Sancho stands by Don Quixote, often bearing the brunt of the punishments that arise from Don Quixote's behavior. The story of Don Quixote's deeds includes the stories of those he meets on his journey. Don Quixote witnesses the funeral of a student who dies as a result of his love for a disdainful lady turned shepherdess. He frees a wicked and devious galley slave, Gines de Pasamonte, and unwittingly reunites two bereaved couples, Cardenio and Lucinda, and Ferdinand and Dorothea.
