The alpha empath, Danyael Sabre, languishes in a maximum-security prison. His life sentence should spell emotional freedom for the assassin, Zara Itani, but true to her contrary nature, she travels the solitary and hazardous path from hate to love even though it is far too late for her and Danyael.

Meanwhile in her hometown of Beirut, international political conspiracy simmers on the brink of renewed military conflict. Zara's loyalties will be tested; her beliefs challenged. She could start a war, or she could stop it.

Tell me who you love and I will tell you who you are....

Zara will finally discover who she is, but what will it cost Danyael this time?

Interview with the Author

Q - So, what makes the Double Helix series special?

A - The Double Helix is a series premised upon the creation of the "perfect" human being, Galahad, but it is ultimately about his less-than-perfect physical template, Danyael Sabre, and the power, strength, and beauty found in humanity's imperfections. Ultimately, what makes the Double Helix series special are its characters. You will fall in love with them.

The series offers readers a great mix of science fiction, fantasy, and action-adventure genres. It is also grounded in science. Fiction is a great deal closer to reality than most people realize, and the societal pressures and dilemmas faced by Danyael and Galahad are imminent.

The fast-paced action will have you turning pages, while the plot layers on complexity after complexity, offering you an unlikely romance you will root for and a happy ending you can believe in.

Q - What order should I read the books in?

A - The four books of the Double Helix series should be read in order for maximum enjoyment and a deep down, gut-felt happy ending. The novellas and the YA novels are standalone, but fit into the timeline as follows:
- Miriya (Double Helix Women #1)
- Perfection Unleashed (Double Helix #1)
- Perfect Betrayal (Double Helix #2)
- Zara (Double Helix Women #2)
- Perfect Weapon (Double Helix #3)

- When the Silence Ends (YA)
- Perfection Challenged (Double Helix #4)
- Xin (Double Helix Women #3)

Q - So, why should readers give these books a try?

A - Because the Double Helix series is the perfect mixture of non-stop action, gripping plot, thought-provoking philosophy, and beautiful visuals that fans of science fiction, fantasy, and superhero novels will love. The five novels in the series have won a total of eight literary awards in science fiction, including Gold Medal, 2013 Readers Favorites.

Robin Lynn, an Amazon reviewer, describes it as "Truly enjoyable and delectable in its subtlety. The action is jackhammer fierce while the mental machinations slowly weave their way through your psyche. Potent and spellbinding. Wow."

Q - Can readers get the whole series in one go?

A - The Double Helix Collection offers five novels, two bonus features, and saves you money! Check out my author page here at Amazon http://www.amazon.com/author/jadekerrion (just cut and paste into the browser field) for more details, and a full list of my available titles.
