An American Haunting

Scott A. Johnson

An American Haunting Scott A. Johnson
An American Haunting, Scott A. Johnson's delightfully frightening debut novel, rips away the boundaries between real-life and fiction in its truth-based, spine-tingling exploration of evil.

Making one last attempt to build a financially stable life for his family, Gabriel Rosewood borrows money from his parents to buy a quaint, fixer-upper in the historic district of San Marcos — never imagining the beautiful old building harbors a deadly evil.

At once touching and terrifying, the tale of the house and its occupants remains profoundly moving as an examination of one family's struggle to connect while bursting the seams of the horror genre with its authentic characterization, surreal descriptions and complex plot progression.

The first few pages trigger an explosion of terror that continues to exude energy for the length of the book, delving into the supernatural forces that have ruled the house since its construction and the town's dogged determination to hide the truth.

The plot centers on the self-doubting Gabriel and his dangerous attempt to protect his loved ones and prove his worth as a father and husband. These motivations lead Gabe away from his skepticism and into the thick of evil.

The endearing characters range from Lizzy, Gabriel's lonely and left-out ten-year-old daughter, to Trish, his warm, loving wife, and include such oddballs as the cranky and reluctant guardian of the San Marcos Historical Society, a professor studying paranormal psychology, and a gifted self-sacrificing medium.

In the tradition of Stephen King's The Shining, An American Haunting is a nail-biting and insightful Texas horror story sure to leave horror fans deeply affected by its curious message of fear and hope.
