Barry Windsor-Smith: Opus (Vol. 2) Barry Windsor-Smith

A combination autobiography, New Age meditation and art book. In "Time Rise," the artist continues his exploration of expanded consciousness and transcendence, in a tale told with great candor and charm.

With his previous book, *BWS: Opus Vol. 1* (when released, Fantagraphics' all-time quickest selling book), Barry Windsor-Smith joined the ranks of the experiencers and researchers at the new frontiers of consciousness and the revolutionary crossroads of reality. After astonishing encounters with precognition and time loops the artist found himself on a transcendental journey into another dimension of time and space. Now, in the second volume of the *Opus* series, Windsor-Smith continues his autobiography called "Time Rise." Following his bizarre interdimensional journey, the young superstar of Marvel Comics' Conan the Barbarian fame discovers that he has acquired advanced psychic abilities! This is the true story of the artist's struggles to deal with the transcendental, yet maddening, effects of meta-consciousness. In addition to Windsor-Smith's groundbreaking text, *Opus* is, of course, also a deluxe art collection, featuring the renowned artist's never-before-published paintings and drawings, as well as gorgeous, evocative artworks culled from over thirty years of comics art, comic strips, illustration, and sketchbooks. Color and black-and-white illustrations throughout
