Gods and Monsters Box Set Benjamin Kane Ethridge, Kenneth Goldman, William Holloway
GODS AND MONSTERS
From the dawn of human history, mankind has believed in the divine. Beings with immeasurable power that either help mankind, strive for his destruction or are utterly, terrifyingly indifferent to him.

Horrific Tales Publishing are proud to present the Gods and Monsters Box Set. Three of our best books that explore these concepts, covering Native American mythology, Ancient Greek Legends and other, much older and darker beliefs.

Of A Feather by Ken Goldman. Socrates Singer has a unique ability, passed down to him from an ancient entity known as The Thunderbird - the ability to have all avian creatures respond to his thoughts and feelings. When a mystifying attack on his home town throws Socrates into the limelight, some people begin to question whether he really is their saviour or something else. Something much more sinister.

Lucky's Girl by William Holloway. Lucky has a seemingly charmed life. No one has ever been able to refuse his requests, even if those requests bring tragedy. Lucky's boyhood friend, Kenny is one of the few people to see behind the mask and escape from Lucky's influence. So when Lucky returns to his childhood home, Kenny knows that it won't be long before the horror of his childhood will begin again.

Bottled Abyss by Benjamin Kane Ethridge. In his Bram Stoker Award nominated novel, Benjamin Kane Ethridge explores how far people will go under the influence of grief. When Melody and Herman lose their only child in a hit and run accident they are consumed by their loss. But then Herman encounters a strange old man in the desert behind their house. A man with an ancient, ornate bottle that seems to have the power to bring the dead back to life. At a terrible cost. A cost Herman and Janet are only too willing to pay.
