Phoenixivity Dr. Joe Cortese
The Phoenix has long been presented as a symbol of rebirth, immortality, and renewal. It is a mythical bird, a fire spirit with colorful plumage and a tail of gold and scarlet. It has a 500 to 1000 year life-cycle, near the end of which it builds itself a nest of twigs that then ignites. Both nest and bird burn fiercely and are reduced to ashes, from which a new, young Phoenix or Phoenix egg arises, reborn anew to live again! Like the mythological Phoenix, the author rose out of the ashes of his life. To "rise like a Phoenix from the ashes" means to overcome seemingly insurmountable odds. Read about Dr. Joe Positive's journey out of the ashes of his personal and professional life through "Phoenixivity." It means: the art of using positive thinking and positive behavior to manifest and achieve amazing success. He shares countless words of advice to help you on your journey. He embraces a simple truth: we need to accent the positive in our lives and in our relationships with others. We cannot allow negativity to bully us. "The main purpose of this book is to help you, not concentrate on what happened or did not happen to me. Perhaps you can relate to some of the information and events that may parallel your relationship(s)," writes Dr. Joe.
