A Tale of Two Cities (Illustrated and Annotated) Charles Dickens
A Tale of Two Cities (1859) is a book by Charles Dickens, set in London and Paris before and during the French Revolution.
The novel depicts the plight of the French peasantry demoralised by the French aristocracy in the years leading up to the revolution, the corresponding brutality demonstrated by the revolutionaries toward the former aristocrats in the early years of the revolution, and many unflattering social parallels with life in London during the same period. It follows the lives of several characters through these events. The 45-chapter novel was published in 31 weekly installments in Dickens's new literary periodical titled All the Year Round. From April 1859 to November 1859, Dickens also republished the chapters as eight monthly sections in green covers. All but three of Dickens's previous novels had appeared only as monthly installments. The first weekly installment of A Tale of Two Cities ran in the first issue of All the Year Round on 30 April 1859. The last ran thirty weeks later, on 26 November.
This edition has been formatted for your Kindle, with an active table of contents. This book is also illustrated and annotated, with additional information about the book and its author, including an overview, synopsis, analysis, themes, relation to the author's life, sources, adaptations, biographical and bibliographical information.
