In the pre-dawn hours of the graveyard shift, the ICU at the Houston Heart Institute is quiet, and quietly, patients are dying. Surgery resident Joe Morales must survive a two-month stint in an ICU rife with land mines—unexplained patient deaths, rival faculty, fellow-resident saboteurs, a cost-slashing administrator, a ruthless insurance executive, a seductive head nurse, a jealous wife, a critically ill son, an overprotective mother and an orderly distraught over his daughter’s death. Joe knows that an outstanding performance will secure a coveted cardiovascular fellowship. He must determine the cause of the suspicious deaths to salvage the career he's always wanted.
