Galen and the Forest Lord Eden Winters

Long, long ago in a faraway land, men were men (except when they were wolves), meddlesome aunts were meddlesome aunts, evil opportunists were evil opportunists, and heroes weren't always the sharpest swords in the scabbard.

By the time Galen Olaf-kin woke up and smelled the spiced ale, it was too late, and he never finished the wicked deed for which he stood trial. Banished from his home, he flees to the forest, taking nothing but the unwanted infant he's rescued. Perhaps the legends are true and the forest lord will take them both in. The lord is said to give sanctuary to outcasts, but none of the stories mention the naughty, tempting things he whispers, or that he shares Galen's forbidden passions.

Lord Erik rolls his eyes at the prophecy that says when human hands deliver a babe to the forest, he'll meet the mate destined to reunite forest folk with humankind. What interest has he in a child? The handsome human who brings the babe is another matter entirely, and little things like destiny and his own bumbling won't keep Erik from claiming Galen as his own.
