Romance: Blackmailed By A Billionaire (Book One) Lexi Duval
From Amazon Bestselling Author, Lexi Duval, comes a delicious new billionaire erotic romance series, Blackmailed By A Billionaire!

Daisy Roberts presents the world with two separate faces – her 'work' face, and her 'real' face. At work, she's sweet, polite, and is desperate to get ahead.

Outside of work, however, she adopts a different look, and a different personality, using men as stress relief to ease the burden of her boring job.

For three years, she's been trying to get ahead, and failing miserably. And now, the trading company she works for is about to be taken over by a couple of wealthy billionaires...and they have a reputation for gutting the current workforce and starting afresh.

Daisy knows she's on the chopping block, and that her days are numbered. And when she has to go through a performance review, she'll have nowhere to hide.

On the Saturday before the takeover, therefore, her stress levels are at fever pitch – and there's only one way Daisy knows how to solve that problem. She goes out to a local club, meets a stunningly gorgeous guy, and in the blink of an eye, they're having sex in a private room.

In most cases, that would be the end of the story for Daisy. But, this time, fate is playing games with her. Because back at work, it's time for her interview with the son of the billionaire taking over the company, Colt Franks.

A young man she just happens to have already met once before...

PART ONE of THREE. Readers should be 18+ for sex scenes and swearing.
