Trendy Fascism: White Power Music and the Future of Democracy (SUNY series in New Political Science) Nancy S. Love
Explores how white supremacist groups use popular music and culture to teach hate and promote violence.

Popular music plays a major role in mobilizing citizens, especially youth, to fight for political causes. Yet the presence of music in politics receives relatively little attention from scholars, politicians, and citizens. White power music is no exception, despite its role in recent high-profile hate crimes.Trendy Fascism is the first book to explore how contemporary white supremacists use popular music to teach hate and promote violence. Nancy S. Love focuses on how white power music supports “trendy fascism,” a neo-fascist aesthetic politics. Unlike classical fascism, trendy fascism involves a hyper-modern cultural politics that exploits social media to create a global white supremacist community. Three case studies examine different facets of the white power music scene: racist skinhead, neo-Nazi folk, and goth/metal. Together these cases illustrate how music has replaced traditional forms of public discourse to become the primary medium for conveying white supremacist ideology today. Written from the interdisciplinary perspective on culture, economics, and politics best described as critical theory, this book is crucial reading for everyone concerned about the future of democracy.

Nancy S. Love is Professor of Political Science and Humanities Council Coordinator at Appalachian State University. She is the author of *Musical Democracy* and coeditor (with Mark Mattern) of *Doing Democracy: Activist Art and Cultural Politics*, both also published by SUNY Press.
