Foreclosure: A Novel S.D. Thames
It’s just business—but it’s about to get personal for hard-nosed lawyer David Friedman when the housing crash of 2008 derails his shot at partnership with Southwest Florida’s most prestigious law firm. Given a year to prove he can make rain during Florida’s economic drought, David rolls up his sleeves and lands the client of his dreams—Frank O'Reilly, a real estate developer embroiled in dozens of lawsuits and hell-bent on turning a profit during the recession. Little does David know that Frank's company is involved in a murderous plot to cover up years of mortgage fraud in the Sunshine State. As David prepares for a trial that will make or break his career, he discovers that a secret investor in Frank’s company is responsible for murder and will continue killing to hide the truth. The only thing David can’t figure out is whether Frank is the conspiracy’s victim or its mastermind. To answer that question, David must risk far more than partnership as he unravels one dark secret after another about his client, his law firm, and, ultimately, himself.
