# My Life After Life: A Posthumous Memoir

*Galen Stoller*

**My Life After Life: A Posthumous Memoir** Galen Stoller
An unorthodox personal tale of tragedy and transcendence, *My Life After Life* confronts timeless questions concerning what happens to our loved ones and ourselves after death. The journey began for Dr. K. Paul Stoller one evening in 2007 when he received a phone call from the state police that his 16-year-old son Galen had been killed. Shortly thereafter, Dr. Stoller's son appeared and eventually began to communicate with him in dream states. Keenly aware of their emotional bond during his son's life, Dr. Stoller soon realized just how powerfully that bond could express itself. Dr. Stoller experienced difficulty in accepting what was happening to him-both the stress of the loss and the stress of the contact. Eventually convinced that it was his son, Dr. Stoller began journaling hundreds of pages of communication from Galen about his new circumstances, which led eventually to this book. Stoller's only comments appear in his Editor's Notes at the end of each chapter.
