Are you struggling to convert phone numbers into dates? The truth is that converting numbers into actual dates is usually a very painful process for most guys, to the extent that just getting a girl's number is viewed as the ultimate victory in itself. If you're anything like me, you probably get girls numbers because you're attracted to them and want to see them again - you don't get numbers to keep as a collector's item. So, how can you get past this phase of stagnation where you're filling up your phone's memory with futile numbers that neither lead to dates nor sex?

Look no further as you're about to discover a proven strategy for texting girls. Inside this book, I show you how easy it is to convert your numbers into dates by following a structured set of guidelines. Once you adopt the key strategies taught in this book, you will begin to experience a breakthrough in your text game. You will learn how to take control of the text interaction, demonstrate your masculinity and lead the conversation towards a favourable outcome. Also included are strategies for handling flakes or girls who are generally non-responsive. So, start working smarter at texting (not harder) by implementing the practical advice and sample texts provided in this book today!
