Interviews with Francis Bacon (Subsequent)

David Sylvester

Interviews with Francis Bacon (Subsequent) David Sylvester
Ever since its first publication, this book - with its subsequent revised and augmented editions - has been considered a classic of its kind, and that reputation has become worldwide. As a discussion of problems of making art today it has been widely influential not only among artists but among writers and musicians. It has also been seen as the most revealing portrait that exists of one of the most singular artistic personalities of our time. Bacon's obsessive thinking about how to remake the human form in pain finds unique expression in his encounters with the distinguished art writer David Sylvester over a period of twenty-five years. In these masterfully and creatively reconstructed interviews, Sylvester has provided unparalleled access to the thought, work, and life of one of the creative geniuses of our century. With Bacon's recent death, no other work will ever match this achievement.
