The OSHA Answer Book was written for 1 purpose only. I want to help employers prevent countless injuries and fatalities, while simplifying the OSHA compliance process.

Many of the OSHA standards imposed upon employers under the OSH Act are inflexible, complex, and detailed, while others are ambiguous and indefinite. There are few, if any employers, who can state with assurance that they are in compliance with all the OSHA requirements that apply in their particular workplace. That is why this book was written and will continue to be written!
